

SOUTHERN CROSS STRATEGIC HOLDINGS PTE LIMITED

Protecting People. Securing Progress.

Kikori Development Project | Papua LNG Corridor | Gulf Province, Papua New Guinea

STANDARD OPERATING PROCEDURE

Compliance Monitoring, Non-Compliance Management
& Corrective Action

Issued under the Compliance Policy (SCSH-AQAC-COM-001, v2.0)

DOCUMENT No.	VERSION	EFFECTIVE
SCSH-AQAC-SOP-COM-001	1.0	1 August 2026

UNCONTROLLED WHEN PRINTED — CONFIDENTIAL: INTERNAL USE ONLY

1 Document Control

SOP Title	Compliance Monitoring, Non-Compliance Management & Corrective Action SOP
Document Number	SCSH-AQAC-SOP-COM-001
Version	1.0
Status	Approved — Controlled Document
Classification	Confidential — Internal Use Only
Effective Date	1 August 2026
Next Review Date	31 July 2027 (or earlier on a triggering event under the parent Policy)
Parent Policy	Compliance Policy — SCSH-AQAC-COM-001, Version 2.0
Procedure Owner	Compliance Officer, Audit, Quality Assurance & Compliance (AQAC) Team
Approving Authority	Manager — AQAC (endorsed by CEO / Managing Director)
Applies To	All AQAC personnel and all directors, employees, contractors and subcontractors within scope of the parent Policy
Related Documents	Audit SOP (SCSH-AQAC-SOP-AUD-001); Quality Assurance SOP (SCSH-AQAC-SOP-QA-001); Compliance Obligations Register; NCN, CAIP & CAPA templates

2 Purpose

This Standard Operating Procedure (SOP) sets out the step-by-step actions by which the Audit, Quality Assurance & Compliance (AQAC) Team implements the Compliance Policy at the Kikori Development Project (KDP) and across the wider Papua LNG corridor. It translates the obligations, controls and commitments of the Policy into repeatable, auditable field procedures that any competent AQAC member can execute consistently.

Where the Policy states what must be achieved and why, this SOP states how it is achieved, by whom, on what cycle, using which records and forms. It is written to be defensible before the client, project lenders and the Security Industries Authority (SIA), and to align with the Voluntary Principles on Security and Human Rights (VPSHR).

3 Scope

This SOP applies to every compliance activity carried out under the parent Policy, across all lines of operation — land security, border security, sea-marshal and riverine security, Private Security Details (PSD), Quick-Response Teams (QRT), canine (K9) operations, the Operations Room, logistics and stores, and transport.

It covers the full compliance life-cycle: maintaining the obligations register; scheduled, unannounced and event-driven checks; recording and classifying non-compliance; issuing Non-Compliance Notices (NCNs); escalation; corrective and preventive action (CAPA); and reporting. Where this SOP conflicts with a mandatory requirement of PNG law or the client's contract, the stricter and more protective requirement prevails.

4 Definitions & Abbreviations

AQAC	Audit, Quality Assurance & Compliance Team — the independent assurance function that owns the parent Policy and this SOP.
NCN	Non-Compliance Notice — the formal record of a compliance breach requiring corrective action.
CAIP	Corrective Action & Improvement Plan — the documented plan to remedy a Major or Critical finding.
CAPA	Corrective and Preventive Action — the closed-loop process of remedying a finding and preventing its recurrence.
Register	Compliance Obligations Register — the single living record of every obligation, its source, owner, verification method, frequency and status.
VPSHR	Voluntary Principles on Security and Human Rights.
Use of Force	Any application of physical force by security personnel, which must be lawful, necessary, proportionate and a last resort.
Finding	Any identified instance of non-conformance with an obligation, classified as Critical, Major or Minor.

5 Roles & Responsibilities

The following roles execute this SOP. Independence is preserved at all times: AQAC personnel are not directed by the operations they review, and findings reach Executive Management without filtering.

Role	Responsibility under this SOP
Compliance Officer	Owns and runs this SOP day to day; maintains the Register; performs checks; classifies findings; issues NCNs; tracks corrective actions to closure; compiles compliance reports.
Internal Auditor(s)	Conducts scheduled, risk-based and unannounced verification; feeds audit findings into the compliance process.
Documentation & Reporting Officer	Maintains evidence, checklists, registers, NCNs and reports; controls versions and storage.
AQAC Manager	Reviews and endorses classifications and NCNs; escalates Critical findings; assures independence and resourcing; reports to Executive Management.
Operations / Project Managers	Own and close corrective actions assigned to their area within the required timeframe; provide access, evidence and context.
Supervisors & Guards	Comply with SOPs, law and human-rights standards; report breaches and near-misses promptly and truthfully.
Subcontractors	Meet the same compliance standards through flow-down obligations; cooperate with checks and corrective action.

6 The Compliance Management Cycle

Compliance is managed as a continuous closed loop. Each stage feeds the next, and every finding is tracked until independently verified as closed. The procedures in Sections 7 to 27 implement the stages below.

#	Stage	What happens
1	Identify & Register	Capture every obligation and its source in the Register (SOP-01).
2	Prioritise	Rank obligations and sites by risk to set monitoring intensity (SOP-02).
3	Monitor & Check	Run daily, weekly, monthly, ongoing and immediate checks (SOP-03 to SOP-07).
4	Record & Classify	Log each finding and grade it Critical, Major or Minor (SOP-08).
5	Notify & Escalate	Issue NCNs and escalate per the matrix (SOP-09, SOP-10).
6	Correct & Prevent	Drive CAIP and CAPA to root-cause closure (SOP-11, SOP-12).
7	Verify & Close	Independently confirm effectiveness before closing (SOP-12).
8	Report & Improve	Report to Executive Management and feed lessons back (SOP-18, SOP-21).

PART B — STANDARD OPERATING PROCEDURES

SOP-01 — Maintaining the Compliance Obligations Register

Purpose	Keep a single, current record of every obligation the Company is subject to.
Responsible	Compliance Officer
Trigger / Frequency	Reviewed monthly and on any triggering event

Procedure:

1. Identify each obligation from its source — PNG law, the client contract, VPSHR and international standards, Company policy/SOPs, and permit or licence conditions.
2. Enter each obligation in the Register with: reference, source, plain-language requirement, responsible owner, verification method, checking frequency, and current status (compliant / at risk / non-compliant).
3. Verify statutory obligations against current PNG law with qualified legal counsel before relying on them; record the verification date.
4. Update the Register whenever legislation, contract scope, permits or project requirements change, and flag any affected clause for review.
5. Reconcile the Register monthly against check results and open findings; correct any status that no longer matches the evidence.

Records / forms: Compliance Obligations Register (F-COM-01)

SOP-02 — Risk-Based Prioritisation & Monitoring Plan

Purpose	Focus monitoring effort where the risk to people, the asset, the client and reputation is greatest.
Responsible	Compliance Officer, endorsed by AQAC Manager
Trigger / Frequency	Set at least quarterly and after any major change

Procedure:

6. Score each obligation and site for likelihood and severity of non-compliance and for potential impact on people, asset, client and reputation.
7. Assign higher scrutiny to higher-risk activities — use of force, firearms handling, community interface, and mobilisation of new subcontractors.
8. Translate the scores into a monitoring plan that sets the frequency and depth of checks for each obligation and site.
9. Record the plan and review it quarterly, or immediately when the risk picture changes (for example on FID movement, new site mobilisation, or an incident).

Records / forms: Compliance Monitoring Plan (F-COM-02); Register (F-COM-01)

SOP-03 — Daily Compliance Checks

Purpose	Confirm day-to-day operational records are accurate, complete and lawful.
Responsible	Compliance Officer / delegated checker

Trigger / Frequency	Daily, across all posts
----------------------------	-------------------------

Procedure:

10. Review site logs, occurrence books and access records for each post for completeness, legibility and time integrity.
11. Confirm entries match actual postings and that no gaps, back-dating or unexplained deletions are present.
12. Note any anomaly on the Daily Compliance Check Report; grade it under SOP-08.
13. Refer any suspected corruption, abuse, human-rights or firearms matter immediately to SOP-07 — do not hold it for the daily report.
14. File the completed Daily Compliance Check Report the same day.

Records / forms: Daily Compliance Check Report (F-COM-03)

SOP-04 — Weekly Compliance Checks

Purpose	Verify gate operations, access control and guard-force posting against the contract.
Responsible	Compliance Officer / Internal Auditor
Trigger / Frequency	Weekly

Procedure:

15. Inspect gate and access-control operation at selected posts, prioritising higher-risk sites from the monitoring plan.
16. Compare the actual guard-force posting against the contracted manning and roster; record any shortfall or unauthorised substitution.
17. Check that access is granted only against valid authorisation and that visitor and vehicle controls are applied.
18. Log findings, classify under SOP-08, and raise an NCN where the threshold is met.

Records / forms: Weekly Compliance Check Report (F-COM-04)

SOP-05 — Monthly Personnel & Register Review

Purpose	Confirm every deployed person is licensed, permitted and lawfully entitled to work.
Responsible	Compliance Officer with HR support
Trigger / Frequency	Monthly

Procedure:

19. Review personnel files for valid SIA permits, firearms authorisations, certificates, vetting and right-to-work / work-permit status.
20. Flag any licence, permit or visa due to expire within 60 days and notify the responsible manager and HR for renewal action.
21. Stand down, from the affected duty, any person found without a current mandatory licence or right to work, and raise the finding under SOP-08.
22. Reconcile the Compliance Obligations Register (SOP-01) and confirm each obligation's status against the month's evidence.
23. Summarise results in the Monthly Compliance Review.

Records / forms: Monthly Compliance Review (F-COM-05); Register (F-COM-01)

SOP-06 — Ongoing HSE, Environmental & Cultural Verification

Purpose	Confirm continuing conformance with health, safety, environmental and cultural obligations specific to the KDP.
Responsible	Compliance Officer / Internal Auditor
Trigger / Frequency	Ongoing, integrated with site visits

Procedure:

24. Verify HSE provisions during site visits — first-aid kits, safety equipment, and that hazards are reported and closed.
25. Confirm environmental controls and cultural protocols for the Gulf Province and KDP are being observed, including obligations arising from the State-led Development Forum and ongoing landowner engagement.
26. Record conformance or gaps against the relevant Register entries; classify any gap under SOP-08.

Records / forms: HSE / Environmental & Cultural Checklist (F-COM-06)

SOP-07 — Immediate & Critical-Finding Reporting

Purpose	Ensure the gravest matters are contained and escalated the moment they are detected.
Responsible	Any AQAC member first aware; AQAC Manager notified
Trigger / Frequency	Immediate — on detection, ahead of any routine cycle

Procedure:

27. On detecting corruption, bribery, abuse, a human-rights breach, a firearms incident or serious misconduct, act immediately to contain the situation and preserve safety and evidence.
28. Notify the AQAC Manager, and through them Executive Management and Project Management, without delay.
29. Record the matter as a Critical finding under SOP-08 and open the escalation procedure (SOP-10) the same day.
30. For use-of-force or human-rights matters, run the specific procedures at SOP-13 and SOP-14 in parallel.

Records / forms: Critical Finding / Immediate Notification Report (F-COM-07)

SOP-08 — Recording & Classifying Non-Compliance

Purpose	Grade every finding consistently so the right response and timeframe apply.
Responsible	Compliance Officer; grading endorsed by AQAC Manager
Trigger / Frequency	On identification of any finding

Procedure:

31. Record the finding with objective supporting evidence — what was observed, where, when, and against which obligation.
32. Classify it as Critical, Major or Minor using the definitions in the Quick-Reference Annex (Section 28).
33. Apply the required response and timeframe for that class without discretion to downgrade for convenience.

34. Where classification is finely balanced, escalate the higher grade and let the AQAC Manager confirm.

Records / forms: Finding Record (F-COM-08); NCN (F-COM-09) where applicable

SOP-09 — Issuing a Non-Compliance Notice (NCN)

Purpose	Formally notify the responsible owner of a Major or Critical breach and set the correction path.
Responsible	Compliance Officer
Trigger / Frequency	On a Major or Critical finding

Procedure:

- 35.** Complete the NCN with the finding, its classification, the obligation breached, the evidence, and the required corrective action and due date.
- 36.** Issue the NCN to the responsible Operations / Project Manager and copy the AQAC Manager.
- 37.** For a Major finding, require a Corrective Action & Improvement Plan (CAIP) within five (5) working days (SOP-11).
- 38.** For a Critical finding, require corrective action to commence the same day (SOP-07, SOP-10).
- 39.** Enter the NCN in the NCN Register and track it to verified closure.

Records / forms: Non-Compliance Notice (F-COM-09); NCN Register (F-COM-10)

SOP-10 — Escalation Procedure

Purpose	Move a finding up the chain until it is owned, corrected and closed.
Responsible	Compliance Officer → AQAC Manager → Executive Management
Trigger / Frequency	On classification, and on any overdue or recurring finding

Procedure:

- 40.** The AQAC Team identifies and records the issue with supporting evidence.
- 41.** Report the issue formally to Executive Management with a recommended classification.
- 42.** Assign corrective measures to a responsible owner with a due date.
- 43.** Confirm through follow-up verification whether the corrective action has closed the finding.
- 44.** Where non-compliance persists or recurs, refer the matter for disciplinary or contractual action in accordance with Company policy.

Records / forms: Escalation entry in NCN Register (F-COM-10)

SOP-11 — Corrective Action & Improvement Plan (CAIP)

Purpose	Capture how a Major or Critical finding will be fixed and prevented.
Responsible	Responsible Operations / Project Manager; reviewed by Compliance Officer
Trigger / Frequency	Within 5 working days of a Major NCN; same day for Critical

Procedure:

- 45.** State the immediate correction, the root cause, the corrective action, the preventive action, the owner and the due date.

46. Submit the CAIP to the Compliance Officer for review against the finding and the obligation.
47. Implement the plan and provide evidence of each completed action.
48. Do not treat the finding as resolved until CAPA verification (SOP-12) confirms effectiveness.

Records / forms: CAIP (F-COM-11)

SOP-12 — CAPA Closed-Loop, Verification & Closure

Purpose	Establish root cause, prevent recurrence, and close only on independent proof of effectiveness.
Responsible	Compliance Officer / Internal Auditor (verification)
Trigger / Frequency	For every Major and Critical finding

Procedure:

49. Establish the root cause of the finding, not only its symptom.
50. Confirm the corrective action has been implemented and the preventive action embedded (for example an SOP, training or control change).
51. Independently verify effectiveness — re-check the activity or evidence at the next opportunity.
52. Close the finding only after the AQAC Team confirms the action was effective; record the closure date and verifier.
53. Feed the lesson learned into SOP-21 so recurring weaknesses are designed out.

Records / forms: CAPA record (F-COM-12); Register (F-COM-01)

SOP-13 — Use-of-Force Incident Compliance Handling

Purpose	Ensure every use of force is lawful, proportionate, recorded and reviewed.
Responsible	Compliance Officer; AQAC Manager and Executive Management notified
Trigger / Frequency	Immediately after any use-of-force incident

Procedure:

54. Confirm the incident is reported and recorded without delay by the personnel involved.
55. Verify force was used only where strictly necessary, to the minimum extent and duration, consistent with the Firearms Act and the use-of-force SOP.
56. Review the incident against VPSHR and the UN Basic Principles on the Use of Force and Firearms.
57. Where the response was not lawful or proportionate, raise a Critical finding (SOP-07, SOP-08) and open human-rights handling (SOP-14).
58. Record the review outcome and any corrective or disciplinary referral.

Records / forms: Use-of-Force Incident Review (F-COM-13)

SOP-14 — Human-Rights Due Diligence & Grievance Handling

Purpose	Assess, receive and remediate human-rights matters affecting communities and personnel.
Responsible	Compliance Officer; AQAC Manager; Executive Management / client as required

Trigger / Frequency	Before deployment, on context change, and on any allegation
----------------------------	---

Procedure:

- 59. Assess human-rights risks before deployment and review them as the operating context changes.
- 60. Keep the confidential grievance mechanism available to community members and personnel, and log each grievance received.
- 61. Investigate credible allegations of human-rights abuse promptly and impartially.
- 62. Where substantiated, remediate, and escalate to Executive Management and, where required, the client.
- 63. Record the investigation, outcome and remediation for audit.

Records / forms: Grievance Log (F-COM-14); HR-Impact Investigation Report (F-COM-15)

SOP-15 — Anti-Bribery, Gifts & Conflict-of-Interest Handling

Purpose	Uphold zero tolerance on bribery and corruption and manage declared conflicts.
Responsible	Compliance Officer; AQAC Manager (conflict management)
Trigger / Frequency	Continuous; declarations as they arise

Procedure:

- 64. Ensure no employee, contractor or subcontractor offers, gives, solicits or accepts any bribe, kickback or improper advantage; treat any such act as a Critical finding.
- 65. Require that gifts and hospitality are modest, transparent, lawful and recorded; anything capable of influencing a decision is declined and reported.
- 66. Record every actual, potential or perceived conflict of interest in writing; the person concerned stands aside from the affected matter.
- 67. Refer conflicts to the AQAC Manager for management and record the decision.
- 68. Confirm dealings with public officials, police and public security are conducted transparently and in line with VPSHR.

Records / forms: Gifts & Hospitality Register (F-COM-16); Conflict-of-Interest Declaration (F-COM-17)

SOP-16 — Whistleblowing & Protected-Disclosure Handling

Purpose	Receive reports of wrongdoing and protect those who report in good faith.
Responsible	Recipient of report (supervisor / Compliance Officer / AQAC Manager / Executive Management)
Trigger / Frequency	On receipt of any disclosure

Procedure:

- 69. Receive reports through any available channel, including confidentially or anonymously.
- 70. Protect the identity of the whistleblower so far as lawfully possible.
- 71. Assess and investigate the disclosure through the appropriate procedure (SOP-08 and, where relevant, SOP-13 to SOP-15).
- 72. Treat any retaliation against a good-faith reporter as a serious breach warranting disciplinary action.
- 73. Record that knowingly false or malicious reports are not protected and may attract disciplinary action.

Records / forms: Protected Disclosure Record (F-COM-18)

SOP-17 — Subcontractor & Supply-Chain Compliance

Purpose	Hold subcontractors and suppliers to the same compliance standard through flow-down.
Responsible	Compliance Officer with Procurement
Trigger / Frequency	Pre-engagement and throughout the engagement

Procedure:

- 74.** Screen each subcontractor for licensing, capability, human-rights record and integrity before engagement.
- 75.** Confirm VPSHR, use-of-force, anti-corruption and HSE obligations are written into the subcontract as flow-down terms.
- 76.** Monitor subcontractor performance against those obligations on the monitoring plan.
- 77.** Where non-compliance is persistent or serious, recommend suspension or termination and record the basis.

Records / forms: Subcontractor Screening & Compliance Record (F-COM-19)

SOP-18 — Compliance Reporting

Purpose	Deliver accurate compliance information to Executive Management on the required cycle.
Responsible	Compliance Officer; Documentation & Reporting Officer
Trigger / Frequency	Daily, monthly, and immediately for Critical matters

Procedure:

- 78.** Produce the Daily Compliance Check Report and file it the same day.
- 79.** Issue NCNs and incident / misconduct investigation reports as findings arise.
- 80.** Compile the Monthly Compliance Review and update the Compliance Obligations Register status.
- 81.** Distribute reports to the CEO / Managing Director, Operations Manager, Kikori Project Manager and — for personnel matters — the HR Manager.
- 82.** Notify Critical human-rights, safety or legal breaches immediately under SOP-07, ahead of the routine cycle.

Records / forms: Daily Report (F-COM-03); Monthly Review (F-COM-05); Register (F-COM-01)

SOP-19 — Records, Data Protection & Document Control

Purpose	Keep compliance evidence secure, controlled and lawfully available.
Responsible	Documentation & Reporting Officer
Trigger / Frequency	Continuous

Procedure:

- 83.** Maintain a master file of compliance registers, checklists, NCNs and reports in secure digital and hardcopy form.
- 84.** Make records available to the client and regulators on lawful request only.
- 85.** Handle personal and sensitive information confidentially and solely for legitimate compliance purposes.

- 86.** Ensure every revision to a controlled document is approved by Executive Management before use and issued through AQAC document control.

Records / forms: Master Compliance File; Document Control Register

SOP-20 — Training, Awareness & Communication

Purpose	Ensure all personnel understand their compliance, human-rights and use-of-force obligations.
Responsible	Compliance Officer with Operations / HR
Trigger / Frequency	Ongoing per the schedule below

Procedure:

- 87.** Hold the monthly compliance meeting with Kikori Project management and weekly briefings with Operations Managers.
- 88.** Run induction and refresher awareness sessions for guards and supervisors on compliance, human rights and use of force.
- 89.** Apply the immediate-notification protocol so critical findings reach management without delay.
- 90.** Maintain attendance and competency records for audit.

Records / forms: Training & Attendance Records (F-COM-20)

SOP-21 — Continuous Improvement & Lessons Learned

Purpose	Turn findings, trends and incidents into stronger controls.
Responsible	Compliance Officer; AQAC Manager
Trigger / Frequency	At least monthly, and after any significant finding

Procedure:

- 91.** Analyse findings, trends, incidents and audit results for recurring weaknesses.
- 92.** Feed lessons learned back into SOPs, training and the obligations register.
- 93.** Standardise good practice across all sites so weaknesses are designed out.
- 94.** Confirm improvements are reflected in the next monitoring plan (SOP-02).

Records / forms: Lessons-Learned Log (F-COM-21)

PART C — PERFORMANCE, FORMS & REFERENCE

22 Compliance Performance Indicators

The Compliance Officer measures and reports the following to Executive Management through the Monthly Compliance Review.

Indicator	Target
Personnel with valid licences, permits and right-to-work	100%
NCNs closed within their required timeframe	≥ 95%
Scheduled compliance checks completed	≥ 98%
Substantiated human-rights or use-of-force breaches	Zero; every case investigated and remediated
Overdue corrective actions	Zero

23 Forms & Records Register

The forms below support this SOP. Where a form does not yet exist, the Compliance Officer creates it under AQAC document control before the related procedure is relied upon.

Form No.	Title	Used in
F-COM-01	Compliance Obligations Register	SOP-01, 05, 12, 18
F-COM-02	Compliance Monitoring Plan	SOP-02
F-COM-03	Daily Compliance Check Report	SOP-03, 18
F-COM-04	Weekly Compliance Check Report	SOP-04
F-COM-05	Monthly Compliance Review	SOP-05, 18
F-COM-06	HSE / Environmental & Cultural Checklist	SOP-06
F-COM-07	Critical Finding / Immediate Notification Report	SOP-07
F-COM-08	Finding Record	SOP-08
F-COM-09	Non-Compliance Notice (NCN)	SOP-09
F-COM-10	NCN Register	SOP-09, 10
F-COM-11	Corrective Action & Improvement Plan (CAIP)	SOP-11
F-COM-12	CAPA Record	SOP-12
F-COM-13	Use-of-Force Incident Review	SOP-13
F-COM-14 / 15	Grievance Log / HR-Impact Investigation Report	SOP-14
F-COM-16 / 17	Gifts & Hospitality Register / Conflict-of-Interest Declaration	SOP-15
F-COM-18	Protected Disclosure Record	SOP-16

Form No.	Title	Used in
F-COM-19	Subcontractor Screening & Compliance Record	SOP-17
F-COM-20	Training & Attendance Records	SOP-20
F-COM-21	Lessons-Learned Log	SOP-21

28 Quick-Reference Annex

Non-Compliance Classification & Response

Class	Definition	Required response
Critical	Immediate threat to life, safety or asset security, or a serious breach of law, human rights or client contract conditions.	Immediate containment; notify Executive & Project Management without delay; corrective action commences the same day.
Major	Repeated breaches, systemic weakness, or material operational disruption or reputational exposure.	Formal NCN issued; CAIP required within five (5) working days.
Minor	Isolated deviation from an SOP or standard with limited operational impact.	Documented and corrected at site level; verified at the next scheduled review.

Escalation Matrix

Class	Escalation path	Timeframe
Minor	Site Supervisor → Compliance Officer	Next scheduled review
Major	Compliance Officer → AQAC Manager → Operations/Project Manager	CAIP in 5 working days
Critical	AQAC Manager → Executive Management + Project Management	Same day

Monitoring Cycle at a Glance

Frequency	Activity	Procedure
Daily	Site logs, occurrence books, access records — all posts	SOP-03
Weekly	Gate operations, access control, guard-force posting vs contract	SOP-04
Monthly	Personnel licences / permits / right-to-work; Register review	SOP-05
Ongoing	HSE provisions; environmental & cultural obligations	SOP-06
Immediate	Corruption, abuse, human-rights, firearms, serious misconduct	SOP-07
