CONDUCT, ETHICS AND MISCONDUCT CASE MANAGEMENT STANDARD OPERATING PROCEDURE

SOP Number SCSH-SOP-GOV-001 | Version 1.0

Mandatory Operating Procedure

Issued under SCSH-HR-GOV-001 — Zero-Tolerance Conduct,
Ethics and Prohibited Behaviour Policy, Version 2.0

For supervisors, security operations, human resources, investigators,
safeguarding, project managers and executive management
Papua New Guinea Operations • Republic of Fiji

Issued 23 July 2026

Document Control

Document Title	Conduct, Ethics and Misconduct Case Management Standard Operating Procedure
SOP Number	SCSH-SOP-GOV-001
Version	Version 1.0
Parent Policy	SCSH-HR-GOV-001 — Zero-Tolerance Conduct, Ethics and Prohibited Behaviour Policy, Version 2.0
Classification	Mandatory Operating Procedure — all subsidiaries, all sites
Procedure Owner	Ethics and Compliance Officer
Approved By	Managing Director
Issue Date	23 July 2026
Effective Date	[To be inserted on approval — shall not precede the Effective Date of SCSH-HR-GOV-001]
Review Cycle	Annually, or immediately following any Category A case, audit finding or change to the parent Policy
Users	Supervisors and shift commanders, Security Operations, Human Resources, Investigators, Safeguarding Officer, Project Managers, Subsidiary General Managers, Managing Director
Related Registers	Case Register, Use of Force Register, Weapons Register, Gifts and Hospitality Register, Conflict of Interest Register, Exclusion Register, Community Grievance Register, Corrective Action Register

Rule of precedence: this SOP tells you HOW to act. The Policy tells you WHAT is required. Where this SOP and the Policy differ, the Policy prevails. Where the law or a lawful direction of the police differs from either, the law prevails.

Table of Contents

(In Microsoft Word, right-click the table of contents above and select "Update Field" to generate page numbers.)

1. Purpose, Scope and Principles

1.1 Purpose

This Standard Operating Procedure sets out the step-by-step actions, responsibilities, timeframes, forms and records required to give effect to SCSH-HR-GOV-001. It converts the standards in the Policy into repeatable operational practice so that every report is handled the same way, at every site, by every manager, regardless of who is involved.

1.2 Scope

This SOP applies to every allegation, report, concern, disclosure, incident or observation of conduct prohibited by the Policy, whether it concerns an employee, a director, a contractor, a client representative, a visitor, a public official or a community member, and whether it is raised in person, by radio, by telephone, in writing, anonymously, or through a client or community channel.

1.3 Operating Principles for Users of This SOP

Principle	What it means when you are the one holding the report
Protect first	Safety and medical care come before evidence, and evidence comes before process. Never delay care to preserve a scene.
Receive, do not investigate	A supervisor receives and escalates. Only an appointed investigator investigates. Well-meant "quick checking" destroys cases.
Same day, in writing	Every report is recorded in writing on the day it is received, even if incomplete.
No private settlement	You may not mediate, compensate, apologise on behalf of the Company, or resolve a Category A matter locally.
Need to know only	Tell the people this SOP names. Tell no one else — not colleagues, not family, not the mess.
Believe, record, verify	Take the account seriously, write it down accurately, and let the investigator test it. Do not challenge or cross-examine the person reporting.
Document the clock	Record the time of every action. Timeframes in this SOP are auditable and are reported to the Board.

1.4 Master Timeframe Table

Action	Deadline	Owner
Loss, theft or unaccounted discharge of a weapon or ammunition reported	1 hour	Discovering person / Shift Commander
Report of a child safeguarding or sexual violence matter acknowledged	4 hours	Safeguarding Officer
Use of force, firearm drawn or discharged, restraint or detention reported in writing	12 hours	Person involved / Shift Commander
All other Category A reports acknowledged and risk assessed	24 hours	Ethics and Compliance Officer

Action	Deadline	Owner
Written stand-down notice issued after protective removal	24 hours	Human Resources
Removal from the operational site after protective removal	24 hours where practicable	Project Manager
Category A investigation commenced	24 hours	Ethics and Compliance Officer
Extorted payment made under threat to safety reported	24 hours	Person involved
Contractor Category A incident notified to the Company	24 hours	Contractor management
Category B report acknowledged	2 working days	Subsidiary General Manager
Category B investigation commenced	3 working days	Subsidiary General Manager
Gift or hospitality declared	5 working days	Recipient
Community grievance acknowledged	5 working days	Community Liaison
Written decision issued after investigation completed	5 working days	Deciding authority
Relationship or conflict of interest declared	7 days	Declarant
Category A investigation completed (target)	14 calendar days	Investigator
Request for executive review submitted	48 hours from decision	Individual concerned
Category B investigation completed (target)	21 calendar days	Investigator
Category A investigation completed (absolute maximum, written extension)	30 calendar days	Managing Director
Category B investigation completed (absolute maximum, written extension)	45 calendar days	Managing Director
Review outcome issued	10 working days from request	Reviewer
Retaliation monitoring of a reporter	6 months minimum	Human Resources

2. Roles, Authorities and the Process Map

2.1 Responsibility Matrix

R = responsible for doing it. A = accountable, owns the outcome. C = consulted. I = informed.

Stage	Supv	ECO	SO	HR	Inv	GM	MD
1. Receive and record	R	A	C	I	-	I	-
2. Protect and secure	R	C	R	C	-	A	I
3. Triage and classify	I	R/A	C	C	-	C	I
4. Notify and refer	I	R	C	C	-	C	A
5. Investigate	I	A	C	C	R	I	I
6. Decide and act	I	C	I	R	C	C	A
7. Review on request	-	C	-	R	I	C	A
8. Close, learn, record	I	R/A	C	R	C	C	I

Supv = Supervisor or Shift Commander. ECO = Ethics and Compliance Officer. SO = Safeguarding Officer (leads all child and SEAH matters). HR = Human Resources. Inv = Appointed Investigator. GM = Subsidiary General Manager or Project Manager. MD = Managing Director.

2.2 Decision Authorities

Decision	Who may make it
Stand a person down from duty immediately	Any supervisor or shift commander, on reasonable grounds; confirmed by the GM the same day
Confiscate weapons, radios, keys and access credentials	Shift Commander or Security Operations Manager
Classify a matter as Category A, B or C	Ethics and Compliance Officer
Place on precautionary suspension	Subsidiary General Manager, endorsed by Human Resources
Remove from the operational area	Project Manager, notified to the Managing Director
Appoint an investigator	Ethics and Compliance Officer
Extend an investigation beyond target	Managing Director, in writing
Refer a matter to the police	Managing Director, or Ethics and Compliance Officer where the Managing Director is unavailable or conflicted
Notify the client, licensing authority or insurer	Managing Director only
Decide a Category A disciplinary outcome	Managing Director
Decide a Category B outcome	Subsidiary General Manager with Human Resources
Decide a Category C outcome	Immediate supervisor, recorded by Human Resources

Decision	Who may make it
Approve repatriation	Managing Director
Conduct the executive review	A senior person not involved in the original decision, nominated by the Managing Director; where the Managing Director made the decision, a Director
Speak to media, community meetings or authorities about a case	Managing Director only

2.3 Conflict of the Decision-Maker

Any person named in this SOP who is the subject of the allegation, a witness to it, related to a party, or otherwise conflicted, shall immediately declare the conflict and step out of the case. The role passes upward: Supervisor to GM, GM to Managing Director, Managing Director to the Board. Where an allegation concerns the Managing Director, the report goes directly to the Chair of the Board and the Ethics and Compliance Officer jointly, and the Board appoints an external investigator.

2.4 Process Map

3. Stage Procedures

Stage 1 — Receive and Record a Report

1.1 Steps

Step	Action	By	When
1.1	Ask first: "Is anyone hurt or in danger right now?" If yes, go immediately to Stage 2 and record afterwards.	Receiver	Immediately
1.2	Move to a private place where the conversation cannot be overheard.	Receiver	Immediately
1.3	Listen without interrupting. Do not challenge, test or express disbelief. Do not ask why the person did or did not do something.	Receiver	At report
1.4	Record the account in the person's own words on Form 1. Do not paraphrase, tidy or improve the language.	Receiver	Same day
1.5	Ask only open questions to establish who, what, where, when and whether anyone else is at risk. Do not ask for detail of a sexual assault beyond what is needed to protect and refer.	Receiver	At report
1.6	Explain honestly what happens next and what you cannot promise. Never promise total secrecy.	Receiver	At report
1.7	Ask what the person needs to feel safe, and record their stated wishes.	Receiver	At report
1.8	Escalate to the Ethics and Compliance Officer, and to the Safeguarding Officer for any child or sexual matter, by the fastest secure means.	Receiver	Same day
1.9	Open a case file, allocate a case reference, and enter it in the Case Register.	ECO	Within 24 hours
1.10	Acknowledge the report to the person who made it, within the times in Section 1.4.	ECO / SO	Per timeframe

1.2 Case Reference Format

Cases are referenced SCSH/[Subsidiary Code]/[Site Code]/[Year]-[Sequential Number], for example SCSH/ISS/KER/2026-014. The reference is used on every document, envelope and email relating to the case. Names are not used in email subject lines.

1.3 What the Receiver Must Not Do

- do not tell the person accused, or anyone who might tell them;
- do not interview witnesses, gather statements or "check the story";
- do not review CCTV, phones or lockers yourself;
- do not discuss the matter in the mess, on the radio or on social media;
- do not offer, suggest or accept compensation, gifts or an apology as a resolution;
- do not require the person reporting to repeat their account to other managers;

- do not refuse a report because it seems minor, unlikely, out of your area, or about a senior person; and
- do not delay recording because you are waiting for more information.

1.4 Anonymous and Third-Party Reports

Anonymous reports are recorded and triaged in the same way. The Ethics and Compliance Officer assesses whether there is enough verifiable detail to act — a location, a date, a role, a vehicle, a document. Where there is, the matter proceeds. Where there is not, the concern is logged, and targeted assurance is applied at that site: unannounced inspection, additional supervision, testing, or a general re-brief on the Policy. An anonymous report is never dismissed simply because it is anonymous, and the closure reason is recorded.

Stage 2 — Protect and Secure

2.1 Immediate Protection Steps

Step	Action	By	When
2.1	Provide or summon first aid and medical care. For sexual violence, arrange clinical care immediately and without requiring a police report first.	Supervisor / Medic	Immediately
2.2	Separate the parties. Move the person accused, not the person harmed, unless the person harmed asks to be moved.	Supervisor	Immediately
2.3	Stand the accused person down from duty. Say only that they are stood down pending a process; do not state the allegation in front of others and do not question them.	Supervisor	Immediately
2.4	Recover weapons, ammunition, radios, keys, identification and access cards. Log every item on Form 2A.	Shift Commander	Immediately
2.5	Revoke gate, system, vehicle and CCTV access.	Security Operations	Within 1 hour
2.6	Secure the scene. Do not clean, move or wash anything. Photograph in place where safe to do so.	Security Operations	Immediately
2.7	Issue a deletion hold on CCTV, radio logs, gate logs, vehicle tracking, email and system records covering the relevant period plus 7 days either side.	ECO	Within 12 hours
2.8	Complete the written risk assessment on Form 2 covering the person harmed, witnesses, the accused, the workforce, the community and operations.	GM with ECO	Within 24 hours (12 hours for child or sexual matters)
2.9	Arrange welfare support, chaplaincy or counselling for the person harmed and for witnesses.	HR	Within 24 hours
2.10	Issue the written stand-down notice (Template L1).	HR	Within 24 hours
2.11	Arrange movement out of the site where the risk assessment requires it.	Project Manager	Within 24 hours where practicable
2.12	Brief only those with a need to know; instruct all parties on confidentiality and the prohibition on retaliation.	GM	Within 24 hours

Protective removal is not a punishment and must never be described as one, to the individual or to anyone else. It is a precaution taken before any finding is made, and the written notice must say so.

2.2 Evidence Handling

- label every item with the case reference, date, time, location and the name of the person who recovered it;
- record every transfer of custody on Form 6 — from whom, to whom, date, time, signature;
- store items in a locked container with access limited to the investigator and the Ethics and Compliance Officer;
- photograph digital evidence in place, then export with metadata intact; never edit an original file;
- export CCTV to a write-once medium, record the export time, and retain the original recorder file;
- never open, browse or forward any material suspected of being child sexual abuse material — secure the device, do not view it, and hand it to the police; and
- where the police attend, hand over evidence against a signed receipt and retain a copy of the receipt on the case file.

Stage 3 — Triage and Classify

3.1 Classification Test

The Ethics and Compliance Officer classifies the matter using the following test, on the information available. Classification may be revised as facts emerge; it is recorded with reasons each time.

Ask	If yes	Then
Is the alleged conduct criminal?	Any offence under PNG or Fiji law	Category A
Does it involve a child or a vulnerable person?	Any concern, however uncertain	Category A — Safeguarding Officer leads
Is it sexual in nature and unwanted, exploitative or transactional?	Any of these	Category A — Safeguarding Officer leads
Did it create a risk to life or serious injury?	Whether or not harm occurred	Category A
Does it involve weapons, drugs, corruption, trafficking or smuggling?	Any of these	Category A
Is there dishonesty, concealment, obstruction or retaliation?	Any of these, attached to any conduct	Category A, regardless of the underlying matter
Does it materially breach Company standards without criminality?	For example negligence, insubordination, unauthorised use	Category B
Is it a lapse of discipline or standards only?	For example lateness, uniform, minor procedure	Category C

3.2 If You Are Not Sure

Classify upward. A matter wrongly treated as Category A is corrected at little cost. A Category A matter wrongly treated as Category B loses evidence, exposes the person harmed to further risk, and cannot be repaired. Where the Ethics and Compliance Officer is undecided, the matter is treated as Category A until decided, and the reasons for any downgrade are recorded in writing.

3.3 Triage Output

The triage record on Form 2 shall state: the case reference; the classification and reasons; the protective measures in place; whether police referral is required; who is appointed to investigate; the target completion date; and who must be notified.

Stage 4 — Notify and Refer

4.1 Notification Matrix

Recipient	When notified	By whom
Managing Director	All Category A, immediately	ECO
Safeguarding Officer	All child and SEAH matters, within 4 hours	Receiver or ECO
Subsidiary General Manager	All Category A and B	ECO
Human Resources	All matters requiring stand-down, suspension or discipline	ECO
Security Operations Manager	All weapons, use of force, security and access matters	Shift Commander
Police or competent authority	Where required by Section 17 of the Policy	MD
Client or joint-venture partner	As required by contract, and always where the client's people, sites or reputation are affected	MD
Security Industries Authority or other licensing body	Where a licence, permit or licensed person is affected	MD
Immigration authorities	Where a work permit or visa condition is affected	MD
Insurer	Where a claim or notifiable circumstance arises	MD
Board of Directors	Any case involving a director, the Managing Director, a fatality, a child, or material licence risk — immediately; all others in the quarterly report	MD or ECO

4.2 Police Referral Procedure

Step	Action	By	When
4.1	Confirm the matter falls within Section 17 of the Policy or is otherwise reportable by law.	ECO	At triage

Step	Action	By	When
4.2	Where the person harmed is an adult, discuss referral with them and record their wishes. Where they are a child, or others remain at risk, refer regardless.	SO / ECO	Before referral
4.3	Obtain the Managing Director's decision to refer, in writing.	ECO	Same day
4.4	Make the referral to the nearest Royal Papua New Guinea Constabulary station or the appropriate authority, in person where possible.	MD or delegate	Without delay
4.5	Record the date, time, station, officer name and rank, and any reference number given.	ECO	At referral
4.6	Ask the police whether the internal investigation may proceed, and record the answer. If asked to pause, pause the investigative steps only — protective measures and welfare support continue.	ECO	At referral
4.7	Provide evidence against signed receipt; retain copies of everything handed over.	Investigator	As directed
4.8	Maintain a single point of police contact. No other person communicates with police about the case.	ECO	Ongoing

The Company does not pay, transport, host or reward police in connection with a case beyond what is lawful, documented and ordinary. Any request for payment is itself reported under the corruption provisions of the Policy.

Stage 5 — Investigate

5.1 Appointing the Investigator

The Ethics and Compliance Officer appoints an investigator who is impartial, trained, senior enough to interview the parties involved, and who has no personal, reporting, clan, family or commercial interest in the outcome. Matters involving sexual violence or children are investigated by, or jointly with, a trained specialist, and the person harmed is offered an interviewer of the gender they prefer. Where the case involves a director, a licensing risk, or a fatality, an external investigator is appointed.

5.2 Investigation Plan (Form 3)

Before any interview, the investigator prepares a written plan setting out: the allegations expressed as specific, dated, testable propositions; the Policy provision engaged for each; the facts that would prove or disprove each; the evidence sources; the interview order — person harmed first, then independent witnesses, then supporting witnesses, then the person accused last; the risks to be managed; and the target completion date.

5.3 Interview Standards

Do	Do not
Interview in a private, safe location, one person at a time	Interview in the guardhouse, mess or anywhere overheard
Explain the purpose, the process and confidentiality limits at the start	Suggest the outcome is already decided

Do	Do not
Offer a support person, and an interpreter where needed	Use a colleague of the accused as interpreter
Ask open questions; let the person give their account before you test it	Ask leading questions or suggest answers
Take a full written record; read it back; have it signed and dated	Rely on memory or fragmentary notes
Put the substance of the allegation to the accused and record their answer in full	Ambush the accused without notice of what is alleged
Allow the accused a reasonable break and time to respond	Require an immediate answer to a serious allegation
Stop and refer if a new, more serious allegation emerges	Continue past your competence or authority
Record demeanour factually only where relevant	Record opinions about character, dress, background or morality

5.4 Interviewing the Person Accused

The person accused shall receive, in writing and in a language they understand, the substance of each allegation, the Policy provisions engaged, the possible consequences, at least twenty-four (24) hours to prepare, the right to be accompanied by a colleague or support person, and the right to give their account and to name witnesses. Their response is recorded in full and tested against the other evidence. Silence is not treated as an admission. Refusal to cooperate without reasonable cause is recorded and is itself a matter under Section 9.18 of the Policy.

5.5 Assessing the Evidence

- test each allegation separately; a finding on one does not carry to another;
- apply the balance of probabilities, having regard to the seriousness of the allegation;
- look for corroboration in records — rosters, gate logs, radio logs, tracking, CCTV, receipts, phone billing, medical notes — and record what corroboration was sought and not found;
- treat inconsistency in peripheral detail as normal, particularly after trauma, and distinguish it from inconsistency on the central facts;
- do not treat delay in reporting as evidence that an account is untrue;
- assess motive to lie on both sides, and record the assessment;
- where the evidence does not permit a finding either way, record the allegation as "unable to be determined" — this is a legitimate outcome and is not a finding of innocence or of guilt; and
- never rely on rumour, reputation, character evidence or previous unrelated allegations.

5.6 Investigation Report (Form 7)

The report shall contain, in this order: case reference and appointment details; the allegations as framed; the procedure followed and dates; a list of persons interviewed and documents reviewed; findings of fact with the evidence for each; the conclusion on each allegation — substantiated, not substantiated, or unable to be determined; the Policy provisions breached; aggravating and mitigating factors observed; systemic or root-cause issues identified; and recommended corrective actions. The investigator recommends findings, not penalties. Penalty is for the deciding authority.

Stage 6 — Decide, Communicate and Act

6.1 Decision Steps

Step	Action	By	When
6.1	Review the investigation report and satisfy yourself the process was fair and the findings are supported.	Deciding authority	On receipt
6.2	Consider the disciplinary matrix and the aggravating and mitigating factors in Section 21 of the Policy.	Deciding authority	Before deciding
6.3	Check consistency against the Decisions Register for comparable past cases, and record any departure with reasons.	ECO	Before deciding
6.4	Confirm the decision is lawful under the applicable employment law and the individual's contract.	HR	Before issue
6.5	Issue the written decision with reasons (Template L3 or L4).	HR	Within 5 working days
6.6	Inform the person who reported, and the person harmed, of the outcome in appropriate general terms.	ECO / SO	Within 5 working days
6.7	Execute the outcome: property recovery, final account, exclusion register entry, notifications, repatriation.	HR	Per decision
6.8	Record the decision in the Case Register and the Decisions Register.	ECO	Same day

6.2 Repatriation Execution Checklist

- confirm no police, court or immigration restriction prevents departure, and record the confirmation;
- confirm the individual is medically fit to travel;
- confirm the individual's immigration status and obtain any required clearance;
- recover all Company property, keys, uniforms, identification and documents, itemised and signed for;
- return the individual's own passport, documents, bank cards and personal property in full — withholding personal documents is prohibited in all circumstances;
- issue the final statement of account showing earned wages, leave and lawful deductions;
- arrange safe transport, escort where required by the risk assessment, and confirmation of arrival;
- do not disclose the reason for departure to co-travellers, drivers or unrelated staff; and
- record the exclusion register entry where permanent exclusion applies.

Stage 7 — Executive Review

Step	Action	By	When
7.1	Receive the written request; check it is within 48 hours or that a valid reason for delay applies.	HR	On receipt
7.2	Check the request raises a permitted ground: procedural error, mistaken identity, new material evidence, disproportionate penalty, or an unreasonable finding.	HR	1 working day

Step	Action	By	When
7.3	Appoint a reviewer not involved in the original decision or investigation.	MD	2 working days
7.4	Provide the reviewer with the complete case file.	ECO	2 working days
7.5	Conduct the review on the documents; interview only where a permitted ground requires it.	Reviewer	Within 10 working days
7.6	Issue the outcome in writing with reasons: confirm, vary, substitute, set aside, or remit for further investigation.	Reviewer	Within 10 working days
7.7	Record the outcome and any lesson for process improvement.	ECO	Same day

Protective removal continues during a review unless the reviewer directs otherwise. The review does not restrict any statutory right the individual holds under PNG or Fiji law.

Stage 8 — Close, Correct and Learn

Step	Action	By	When
8.1	Confirm all outcomes executed and all property recovered.	HR	At closure
8.2	Complete the root-cause analysis on Form 8: what allowed this to happen — screening, training, supervision, camp layout, lighting, transport, rostering, culture, or absence of a control.	ECO with GM	Within 10 working days
8.3	Raise corrective actions with a named owner and a due date; enter them in the Corrective Action Register.	ECO	At closure
8.4	Confirm welfare support for the person harmed and witnesses is continuing or has been properly concluded.	SO / HR	At closure
8.5	Begin or continue six-month retaliation monitoring for the reporter and witnesses; record each monthly check.	HR	Monthly for 6 months
8.6	Issue a de-identified lesson-learned brief to supervisors where it will prevent recurrence.	ECO	Within 30 days
8.7	Close the case in the Case Register with the outcome, closure date and retention date.	ECO	At closure
8.8	Verify corrective actions were completed by the due date; escalate overdue actions to the MD.	ECO	Monthly

4. Specialist Sub-Procedures

SP-1 Child Safeguarding and SEAH — First 24 Hours

This sub-procedure overrides the general sequence. It is led by the Safeguarding Officer.

Hour	Action	By
0	Ensure immediate physical safety. Remove the person from contact with the alleged offender.	Receiver
0-1	Arrange medical care. For sexual assault, clinical care is arranged immediately and is never conditional on a police report.	Medic / SO
0-1	Do not question the child or survivor for detail. Record only what is volunteered, in their words.	Receiver
0-1	Stand the accused down; recover weapons, credentials and access.	Shift Commander
0-2	Notify the Safeguarding Officer and the Ethics and Compliance Officer. For a child, also notify the Managing Director.	Receiver
0-4	Acknowledge the report to the person who raised it.	SO
0-4	Secure and hold all evidence; issue the deletion hold; do not view suspected abuse material.	ECO
4-12	Complete the risk assessment. Consider other children or persons who may have had contact with the accused.	SO
4-12	Where the person harmed is a child, notify the child-protection authority or police as required by law, and inform the parent or guardian unless they are the suspected offender.	MD / SO
12-24	Arrange counselling, chaplaincy or specialist support; confirm accommodation is safe.	SO / HR
12-24	Appoint a trained specialist investigator; do not begin interviews before appointment.	ECO
12-24	Issue the written stand-down notice; remove the accused from site where practicable.	HR / PM
24	Confirm in writing to the Managing Director that every step above is complete, or record why not.	SO

Mediation, customary compensation and private settlement are prohibited in all child, sexual violence and violence cases, without exception, and any attempt to arrange one is itself a Category A matter.

SP-2 Drug, Alcohol and Kava Testing

Step	Action	By	When
2.1	Establish the lawful trigger: pre-deployment, random, for cause, post-incident, post-discovery or return-to-work.	Requesting manager	Before testing
2.2	For "for cause", record the observations of two trained persons on Form 5 before the test is called — speech, gait, odour, behaviour, errors.	Two observers	Before testing

Step	Action	By	When
2.3	Stand the person down from safety-sensitive duty pending the result.	Supervisor	Immediately
2.4	Explain the procedure and the consequence of refusal; obtain the consent form.	Tester	Before testing
2.5	Test privately, with a same-gender observer where observation is required, using approved devices within their expiry date.	Tester	At test
2.6	Record chain of custody on Form 6 for every sample.	Tester	At test
2.7	A non-negative screen is confirmed by an accredited laboratory before any disciplinary step.	ECO	On result
2.8	Store results separately from the personnel file with restricted access.	HR	On result
2.9	Refusal without reasonable cause, or tampering, is recorded and treated as a Category A matter.	ECO	On occurrence
2.10	Prescribed medication is disclosed to the medical officer only, who advises the employer of fitness and restriction only.	Medical officer	As required

SP-3 Use of Force, Firearm and Detention Reporting

Step	Action	By	When
3.1	Render first aid to any injured person, including the person against whom force was used.	Personnel involved	Immediately
3.2	Notify the Security Operations Centre by radio.	Personnel involved	Immediately
3.3	Make the weapon safe; do not clean it; account for every round.	Shift Commander	Immediately
3.4	Report loss, theft or unaccounted discharge of any weapon or round.	Shift Commander	Within 1 hour
3.5	Secure the scene, preserve CCTV and photograph the location.	Security Operations	Immediately
3.6	Submit the written use of force report — what was the threat, what alternatives were considered, what force was used, for how long, with what result.	Personnel involved	Within 12 hours
3.7	Enter the event in the Use of Force Register.	Security Ops Manager	Within 24 hours
3.8	Where a person was detained, record the lawful basis, the time detained, the time handed to police, and how the person was treated.	Shift Commander	Within 12 hours
3.9	Review against the necessity, proportionality and accountability tests in Section 12 of the Policy; refer to the ECO where the test may not be met.	Security Ops Manager	Within 48 hours

Step	Action	By	When
3.10	Notify the client and, where an allegation of unlawful or abusive force arises, the police.	MD	Per Section 4.1

SP-4 Whistleblower and Retaliation Protection

Step	Action	By	When
4.1	Record the reporter's identity separately from the case file, under restricted access.	ECO	At intake
4.2	Disclose the identity only where required by law or unavoidable for the investigation, and tell the reporter first.	ECO	Before disclosure
4.3	Brief the reporter's line manager on the prohibition of retaliation, without disclosing the content of the report where possible.	HR	Within 5 working days
4.4	Record a baseline of the reporter's roster, overtime, allowances, duties and appraisal rating.	HR	At intake
4.5	Check monthly for six months against the baseline; record each check even where nothing has changed.	HR	Monthly
4.6	Any adverse change to the reporter's position must be justified in writing and approved by the ECO before it takes effect.	HR	Before change
4.7	Treat any suspected retaliation as a new Category A case with its own reference.	ECO	On suspicion

SP-5 Gifts, Hospitality and Conflict Declarations

Step	Action	By	When
5.1	Decline anything offered during a tender, negotiation, inspection, investigation or licensing process, and report it.	Recipient	Immediately
5.2	Where refusal would cause serious cultural offence, accept on behalf of the Company, not personally, and say so at the time.	Recipient	At offer
5.3	Declare the gift or hospitality on Form 4 with an estimated value.	Recipient	Within 5 working days
5.4	Declare any relationship or outside interest creating an actual, potential or perceived conflict.	Declarant	Within 7 days of it arising
5.5	Decide the management measure: retain by the Company, donate, return, recuse the person, change the reporting line, or remove from the decision.	ECO with HR	Within 10 working days
5.6	Enter the item in the Gifts and Hospitality or Conflict of Interest Register and notify the declarant of the outcome.	ECO	Within 10 working days
5.7	Report register summaries to the Managing Director quarterly, including nil returns.	ECO	Quarterly

SP-6 Community Grievance Intake

Step	Action	By	When
6.1	Accept grievances at any gate, from any community member, without requiring entry to a Company facility, a written submission or literacy in English.	Any employee	On receipt
6.2	Record the grievance on Form 1 in the complainant's own words, with the assistance of Community Liaison where language support is needed.	Community Liaison	Same day
6.3	Acknowledge to the complainant, with a named contact and expected timeframe.	Community Liaison	Within 5 working days
6.4	Where the grievance alleges conduct prohibited by the Policy, open a case under this SOP and apply the same standards as for an internal report.	ECO	Same day
6.5	Never resolve an allegation of criminal conduct through customary compensation or a community meeting.	All	Always
6.6	Respond to the complainant on the outcome in appropriate terms, and record the response.	Community Liaison	On closure
6.7	Report grievance numbers, themes and closure rates in the monthly community relations report.	Community Liaison	Monthly

SP-7 Contractor and Subcontractor Incidents

- contractors report Category A incidents involving their personnel to the Ethics and Compliance Officer within twenty-four (24) hours;
- the Company may direct the immediate removal of any contractor personnel from Company or client sites, without that removal being an admission of liability by either party;
- the Company may require the contractor to investigate, may investigate jointly, or may investigate itself where the Company's people, client or licence are affected;
- contractor personnel removed for a Category A matter are entered in the Exclusion Register and are refused future site access;
- the contract manager records the incident in the contractor performance file and considers suspension or termination;
- where the contractor conceals an incident, that concealment is treated as a breach of contract in its own right; and
- recruitment-fee, document-retention and forced-labour concerns are escalated to the Managing Director immediately, whatever the tier of the supply chain.

5. Registers, Forms and Templates

5.1 Registers Maintained Under This SOP

Register	Custodian	Reviewed
Case Register	Ethics and Compliance Officer	Weekly
Decisions Register (for consistency)	Ethics and Compliance Officer	Quarterly
Use of Force Register	Security Operations Manager	Monthly
Weapons and Ammunition Register	Security Operations Manager	Daily
Gifts and Hospitality Register	Ethics and Compliance Officer	Quarterly
Conflict of Interest Register	Ethics and Compliance Officer	Quarterly
Community Grievance Register	Community Liaison	Monthly
Corrective Action Register	Ethics and Compliance Officer	Monthly
Exclusion Register	Human Resources	On entry
Training and Acknowledgement Register	Human Resources	Monthly

5.2 Case Register Fields

Case reference; date and time received; channel; classification and any reclassification with reasons; subsidiary and site; nature of allegation by Policy section; protective measures applied and dates; police referral status and reference; investigator appointed; target and actual completion dates; outcome per allegation; penalty; review requested and outcome; corrective actions and closure; retention date. Names are recorded in a restricted annex to the register, not in the main body.

5.3 Forms

Form	Title	Completed by
Form 1	Allegation and Incident Report (Annex C of the Policy)	Person receiving the report
Form 2	Initial Risk Assessment and Triage Record	GM with Ethics and Compliance Officer
Form 2A	Property, Weapon and Credential Recovery Log	Shift Commander
Form 3	Investigation Plan	Appointed investigator
Form 4	Relationship, Gift and Conflict Declaration (Annex D of the Policy)	Declarant
Form 5	Reasonable Suspicion Observation Record	Two trained observers
Form 6	Evidence and Chain of Custody Log	Investigator
Form 7	Investigation Report	Appointed investigator

Form	Title	Completed by
Form 8	Case Closure, Root Cause and Corrective Action	Ethics and Compliance Officer

5.4 Letter Templates

Template L1 — Precautionary Stand-Down Notice

Case reference: [ref] Date: [date]

To: [name], [position]

You are advised that, with effect from [time] on [date], you are stood down from duty on a precautionary basis pending a process under the Zero-Tolerance Conduct, Ethics and Prohibited Behaviour Policy (SCSH-HR-GOV-001).

The matter concerns [general nature of the allegation – one sentence].

This is a precaution taken to protect people and evidence. It is not a disciplinary penalty and no finding has been made against you. You remain on full pay unless you are advised otherwise in writing.

During this period you must: remain contactable at [location/number]; not attend [site or area]; not contact any person connected with this matter; return the Company property listed on the attached recovery log; and preserve any material relevant to the matter.

You will be contacted within [x] days regarding the next step and, where applicable, you will be given the details of any allegation and a full opportunity to respond before any decision is made. Support is available to you through [contact].

[Name, position, signature]

Template L2 — Notice of Allegation and Invitation to Respond

Case reference: [ref] Date: [date]

To: [name], [position]

The Company is investigating the following allegation(s) under SCSH-HR-GOV-001:

1. That on or about [date] at [location] you [specific conduct alleged]. This would breach Section [x] of the Policy.
2. [as required]

You are invited to a meeting on [date] at [time] at [location] to give your response. You may be accompanied by a colleague or support person, and an interpreter can be arranged if you request one by [date].

Enclosed is [list of material provided]. If the allegation(s) are substantiated, the possible outcomes include [range, e.g. up to and including summary dismissal, repatriation and referral to the authorities].

You may provide a written response instead of, or in addition to, attending. You may name witnesses you wish the investigator to interview.

This notice does not mean a decision has been made.

[Name, position, signature]

Template L3 — Outcome: Allegation Not Substantiated

Case reference: [ref] Date: [date]

To: [name], [position]

The investigation into the allegation(s) notified to you on [date] is complete. The finding is that allegation [x] is [not substantiated / unable to be determined]. No disciplinary action is taken in respect of it.

Your precautionary stand-down is lifted with effect from [date] and you will return to [duties/location] on [date]. [Where applicable: the following support or adjustments have been arranged: ...]

The Company records that this outcome carries no adverse inference against you, and it will not be treated as a disciplinary record. All personnel involved have been reminded of their confidentiality obligations and of the prohibition on retaliation or adverse comment.

If you experience any adverse treatment arising from this matter, report it immediately to [contact].

[Name, position, signature]

Template L4 — Outcome: Allegation Substantiated

Case reference: [ref] Date: [date]

To: [name], [position]

The investigation into the allegation(s) notified to you on [date] is complete.

Findings: allegation [x] is substantiated. The evidence relied on is summarised as follows: [summary]. Your response was [summary], and it was assessed as follows: [assessment].

Policy breached: Section [x] of SCSH-HR-GOV-001, being a Category [A/B/C] matter.

Factors considered: [aggravating] and [mitigating].

Decision: [outcome, e.g. summary dismissal with effect from [date]; removal from the operational area; repatriation to [place]; permanent exclusion from future deployment; referral to [authority]].

Entitlements: your final statement of account is enclosed and shows [earned wages, leave, deductions authorised]. Company property listed at [annex] must be returned by [date]. Your personal documents and property will be returned to you in full.

Review: you may request one executive review within 48 hours of receiving this letter, in writing to [contact], on the grounds set out in Section 24 of the Policy. This does not restrict any statutory right you may have.

[Name, position, signature]

6. Competency, Assurance and Records

6.1 Who Must Be Trained in This SOP

Role	Requirement	Frequency
Supervisors and shift commanders	Stages 1 and 2, and SP-3	Within 30 days of appointment; annually
Security Operations	Stages 2 and 4, SP-2 and SP-3	Annually
Human Resources	All stages, and all templates	Annually
Investigators	Stage 5 in full, plus specialist interviewing	Before appointment; every 24 months
Safeguarding Officer	SP-1, survivor-centred and child-safe practice	Before appointment; every 24 months
Community Liaison	SP-6 and Stage 1	Annually
Managing Director and GMs	Decision authorities, Stage 4 and Stage 6	Annually

Competency is verified by scenario exercise, not by attendance alone. Each site shall run at least one desktop exercise every six months using a realistic scenario, and shall record the lessons.

6.2 Assurance Checks

Check	Frequency and owner
Every open case reviewed for timeframe compliance	Weekly — Ethics and Compliance Officer
Sample of closed files audited for completeness of Forms 1, 2, 3, 6, 7 and 8	Quarterly — Ethics and Compliance Officer
Reporting channels tested at every site (call the line, check the box, check the poster)	Quarterly — Ethics and Compliance Officer
Use of Force Register reviewed against incident and radio logs	Monthly — Security Operations Manager
Retaliation monitoring records verified	Quarterly — Human Resources
Registers reconciled and nil returns confirmed	Quarterly — Ethics and Compliance Officer
Full internal audit of Policy and SOP compliance	Annually — Ethics and Compliance Officer, reported to the Board

6.3 Escalation of SOP Failure

Failure to follow this SOP is itself a matter under the Policy. A supervisor who receives a report and does not record and escalate it the same day commits a Category B breach at minimum, and a Category A breach where the failure amounts to concealment. Missing an auditable deadline is recorded, explained in writing, and reported in the quarterly compliance report.

6.4 Records and Retention

Retention follows Section 32 of the Policy: Category A case files ten (10) years from closure, or longer where litigation, prosecution or a child is involved; Category B and C files five (5) years; use of force and weapons registers ten (10) years; declarations seven (7) years; testing records five (5) years, stored separately with restricted access. Case files are held separately from general personnel files, in a locked cabinet or an access-controlled electronic folder, with an access log recording who opened the file and when.

Approval

This Standard Operating Procedure is approved and issued under the authority of the Managing Director of Southern Cross Strategic Holdings Pte Ltd, as the operating procedure for SCSH-HR-GOV-001, Version 2.0.
