PRIVATE SECURITY DETAIL (PSD)

FIELD STANDARD OPERATING PROCEDURES

Papua LNG Project Corridor

Gulf, Central and Southern Highlands Provinces — Independent State of Papua New Guinea

Document number	SCSH-SEC-PSD-002
Document title	PSD Field Standard Operating Procedures (SOP)
Derived from	PSD Security PolicySCSH-SEC-PSD-001, Version 2.1 (July 2026)
Version	1.0 (Draft for review)
Classification	Company Confidential — Controlled Copy
Effective date	On approval
Review cycle	Annual, or on material change to operations, contract, threat or law; Post Orders 6-monthly
Document owner	PSD Manager, under the General Manager — Integrated Security Solutions
Applies to	All PSD personnel and supervisors on the Papua LNG project corridor

Head Office: Kerema, Gulf Province | Operational Base: Kikori, Gulf Province | Registered Office: Suva, Republic of Fiji

How to Use This Document

These Standard Operating Procedures put the PSD Security Policy (SCSH-SEC-PSD-001) into practice. The Policy states what the Company requires and why; this document states how each task is performed, who performs it, and what must be recorded. It does not replace, override or reduce the Policy — where any doubt or conflict arises, the Policy prevails, and above the Policy, the law of Papua New Guinea prevails.

Read these procedures together with the current Post Orders for your post, the Journey Management Plan for your movement, and the specialist policies referenced in each SOP. Where a Client or Project Operator requirement sets a higher standard, the higher standard applies.

EVERY SOP FOLLOWS THE SAME FORMAT

- Purpose — what the procedure achieves.
- When it applies and Carried out by — the trigger and the responsible role.
- Procedure — the numbered steps, in order.
- Records to complete — the mandatory documentation.
- Escalate — when to stop and refer upward, shown in the amber box.

Golden rule: If in doubt — do not act. Withdraw, report, and ask.

SOP Register

SOP	Title	Primary owner
01	Shift Start-Up, Briefing and Handover	Team Leader / Shift Commander
02	Operations Room Interface and Communications Discipline	All PSD personnel
03	Access Control and Gate Management	Gatehouse / static officers under the Site Supervisor.
04	Search and Screening of Persons, Bags, Vehicles and Cargo	Trained access-control and screening officers.
05	Visitor and Pass Management	Gatehouse officers.
06	Perimeter and Internal Patrol (Static Post)	Static officers / patrol commander.
07	Mobile and Response Patrol	Mobile crews
08	Journey Management and Movement Clearance	Movement requester
09	Convoy and Escort Operation	Convoy Commander
10	Overdue Vehicle or Vessel Procedure	Operations Officer
11	Actions-On: Unlawful Roadblock or Illegal Levy	Convoy Commander / crew
12	Close Protection Task	CP operators
13	Marine, River, Jetty and Aviation-Support Security	Marine officers / sea marshals
14	Use of Force Decision and Response	Any PSD officer
15	Detention and Handover to Police	Detaining officer plus a second officer as witness.
16	Post-Use-of-Force and Post-Incident Actions	Involved officers
17	Armed Tasking — Armoury Issue and Return (Conditional)	Nominated Armourer
18	Incident Reporting and Escalation	All personnel
19	Emergency Response	All personnel per the site emergency-response plan.
20	Security-Level Change Actions	PSD Manager sets the level

A. Command, Shift and Operations Room

SOP 01 Shift Start-Up, Briefing and Handover

Purpose	Ensure every shift begins and ends with an accountable, documented handover so that no post is left unmanned, uninformed or unaccounted for.
When it applies	At the commencement and conclusion of every PSD shift, at every manned post.
Carried out by	Team Leader / Shift Commander, supported by all incoming and outgoing officers.
Policy ref.	Policy §6.3 (Post Orders), §16.1, §18, §22.

PROCEDURE

1. Report for duty fit, rested, in correct uniform with valid ID and security licence; the Supervisor confirms fitness for duty and that no officer is impaired by fatigue, alcohol or substance.
2. Read, or have read to you in a language you understand, the current Post Orders for the post; sign the Post Orders acknowledgement register before assuming the post.
3. Receive the outgoing handover: current threat/security level, open incidents, faults, keys, equipment, radios, passes, prisoners/detainees (if any) and any standing instructions.
4. Conduct a communications check with the Operations Room; confirm call sign, primary and fallback means, and log the check.
5. Physically account for all issued equipment against the Equipment Issue Register; report any shortfall or defect immediately.
6. Confirm the Daily Occurrence Book is current; make the shift-start entry (time, officers on post, level, equipment state).
7. At end of shift, brief the relief, complete the Shift Handover Record, make the closing DOB entry, and do not leave the post until properly relieved and the Op-Room acknowledges.

RECORDS TO COMPLETE

Daily Occurrence Book • Shift Handover Record • Post Orders acknowledgement register • Equipment Issue Register

Escalate	Post cannot be handed over (no relief, unresolved detainee, equipment loss, impaired officer) — notify the Operations Room and Site Supervisor before standing down.
-----------------	--

SOP 02 Operations Room Interface and Communications Discipline

Purpose	Maintain the Operations Room as the single point of command, coordination and information for all PSD activity, 24 hours daily.
When it applies	Continuously, throughout every shift and every movement.
Carried out by	All PSD personnel; Operations Officer in the Op-Room.
Policy ref.	Policy §18.

PROCEDURE

1. Use only approved radio procedure, authorised call signs and prescribed codes; switch to plain language for emergency traffic.
2. Send position and status reports (radio checks / SITREPs) at the prescribed intervals; a missed report triggers the overdue procedure (SOP 10).
3. Report every incident to the Op-Room immediately by voice, then follow with the written report per the escalation matrix (SOP 18).
4. On communications failure, activate the nominated fallback means and report the outage at the first opportunity.

5. Do not use Company radios, satellite devices or communications equipment for private purposes.
6. The Op-Room maintains the movement board, logs all traffic, compiles the shift SITREP and Daily Security Report, and activates escalation and emergency response.

RECORDS TO COMPLETE

Op-Room log • SITREP • Daily Security Report

B. Static Security and Access Control

SOP 03 Access Control and Gate Management

Purpose	Control all entry and egress so that only authorised, screened persons, vehicles and materials pass, and every movement is recorded.
When it applies	At all manned gates, entry points and controlled boundaries, continuously.
Carried out by	Gatehouse / static officers under the Site Supervisor.
Policy ref.	Policy §16.1.

PROCEDURE

1. Challenge every person and vehicle courteously; verify identity, authorisation and purpose of entry.
2. Confirm the person or vehicle appears on the access list or holds valid authority; where not authorised, refuse entry and refer to the Supervisor — do not admit on assumption.
3. Screen and search as required (SOP 04) before admitting.
4. Issue and record a visitor pass (SOP 05); direct the visitor to their host or escort.
5. Control materials and equipment leaving site by gate pass and material-release procedure; verify against authorisation before release.
6. Maintain perimeter and gate integrity; report defects in fencing, lighting, gates and barriers; monitor CCTV/alarms where installed and log every activation and the action taken.
7. Record all movements contemporaneously in the DOB and the Visitor/Pass Register — legible, in ink, sequential, timed and signed, with no erasure.

RECORDS TO COMPLETE

Daily Occurrence Book • Visitor and Pass Register • Material-release/gate-pass log • CCTV/alarm activation log

Escalate	Forced entry, refusal to comply, unauthorised person insisting on access, or a suspect item — deny access, hold at a safe distance, and call the Op-Room and Supervisor immediately.
-----------------	--

SOP 04 Search and Screening of Persons, Bags, Vehicles and Cargo

Purpose	Conduct lawful, consistent, courteous and dignified searches that protect the site without infringing rights.
When it applies	On entry/exit where site rules require, and on reasonable, non-discriminatory grounds.
Carried out by	Trained access-control and screening officers.
Policy ref.	Policy §13.3, §16.1.

PROCEDURE

1. Explain the search, the reason, and the site rule that authorises it; seek the person's consent before proceeding.
2. Conduct the search consistently and without discrimination — apply the same standard to all; never single out a person on grounds of ethnicity, clan, sex, status or appearance.

3. Searches of women shall be conducted only by female officers; a person shall never be searched by an officer of the opposite sex.
4. Keep the search proportionate and in view of a second officer; do not touch a person more than necessary; treat every person with dignity.
5. If consent is refused, do not use force to search — refuse entry/exit as the site rule permits and refer to the Supervisor.
6. On finding a prohibited or suspect item, do not handle a suspected weapon/explosive; isolate the person and item at a safe distance and call the Op-Room and public security as required.
7. Record the search, grounds, result and any find in the DOB.

RECORDS TO COMPLETE

Daily Occurrence Book • Incident Report (if a find or refusal escalates)

Escalate	Weapon, explosive, contraband, or refusal turning hostile — hold at a safe distance, do not confront, and notify the Op-Room and Supervisor at once.
-----------------	--

SOP 05 Visitor and Pass Management

Purpose	Account for every non-permanent person on site from entry to exit.
When it applies	For all visitors, contractors and non-badged persons.
Carried out by	Gatehouse officers.
Policy ref.	Policy §16.1.

PROCEDURE

1. Confirm the visit is expected/authorised by the host; verify identity against photo ID.
2. Complete the Visitor Register (name, organisation, host, purpose, vehicle, time in); issue a numbered visitor pass.
3. Brief the visitor on mandatory site rules (escort requirement, prohibited items, muster/emergency actions).
4. On departure, recover the pass, record time out, and reconcile against the register.
5. At shift end, reconcile all issued passes; any pass not returned is reported immediately as a person unaccounted for.

RECORDS TO COMPLETE

Visitor and Pass Register

Escalate	Any pass unaccounted for at reconciliation — report to Op-Room and Supervisor as a possible person still on site.
-----------------	---

SOP 06 Perimeter and Internal Patrol (Static Post)

Purpose	Detect and deter intrusion, theft, and hazards through visible, unpredictable patrolling.
When it applies	Throughout the shift at each static location.
Carried out by	Static officers / patrol commander.
Policy ref.	Policy §16.1.

PROCEDURE

1. Patrol perimeter and internal areas at irregular intervals — never a fixed, predictable routine.
2. Check fencing, lighting, gates, locks, seals and barriers; test that they function; record defects.
3. Observe and report; do not pursue offenders beyond the site boundary — observe, record and report only.
4. Confirm high-value and sensitive areas are secure per Post Orders.

5. Log the patrol (route, time, findings) in the Patrol Record and DOB.

RECORDS TO COMPLETE

Patrol Record • Daily Occurrence Book

C. Mobile Operations and Movement Control

SOP 07 Mobile and Response Patrol

Purpose	Provide mobile deterrence and a defined response capability across areas of responsibility.
When it applies	During authorised patrol tasking and on response activation.
Carried out by	Mobile crews (minimum two), Op-Room controlling.
Policy ref.	Policy §16.2.

PROCEDURE

1. Patrol only in an approved, roadworthy vehicle fitted with communications and tracking, crewed by a minimum of two.
2. Complete the vehicle pre-use check and log it before departure.
3. Vary timings, routes and patterns; never establish a predictable routine.
4. Report position and status to the Op-Room at the prescribed interval; a missed report triggers SOP 10.
5. Maintain the designated response capability at readiness during operational hours; on activation, respond within the defined response time.
6. Do not pursue offenders beyond the site boundary — observe, record, report.

RECORDS TO COMPLETE

Vehicle Logbook and Pre-Use Check • Patrol Record • Op-Room log

SOP 08 Journey Management and Movement Clearance

Purpose	Ensure no Company movement outside a controlled site begins without clearance and a plan matched to the route risk.
When it applies	Before any external road, river or air movement.
Carried out by	Movement requester, PSD Manager (approval), Op-Room (clearance).
Policy ref.	Policy §17.

PROCEDURE

1. Prepare a Journey Management Plan (JMP): vehicle/vessel details, crew and passenger manifest, cargo, route, departure and expected arrival times, check-in schedule, communications plan, and actions on emergency.
2. Confirm the route Security Risk Assessment and current security level; movement is prohibited at ORANGE and above except convoy/emergency movement authorised by the PSD Manager.
3. Plan for daylight movement; night movement requires specific PSD Manager approval on a documented risk assessment.
4. Obtain Op-Room clearance and record it before departure.
5. Check out with the Op-Room at departure; make positive check-ins at each scheduled window; check in on arrival.
6. Failure to report within the prescribed window initiates the overdue procedure (SOP 10) without delay.

RECORDS TO COMPLETE

Journey Management Plan • Op-Room movement log

Escalate	Route risk changes en route, security level rises to ORANGE+, or clearance is refused — hold movement and refer to the PSD Manager.
-----------------	---

SOP 09 Convoy and Escort Operation

Purpose	Move people and cargo safely under escort with disciplined, briefed procedures.
When it applies	For all escort/convoy tasks.
Carried out by	Convoy Commander, escort crews, Op-Room.
Policy ref.	Policy §16.4, §17.

PROCEDURE

1. Confirm an approved JMP and Op-Room clearance before departure (SOP 08).
2. Deliver a documented pre-movement brief: route, timings, order of march, communications, and actions-on for breakdown, ambush, roadblock, accident and medical emergency.
3. Maintain convoy discipline, spacing and a speed appropriate to road condition; the Convoy Commander alone authorises halts.
4. Keep the Op-Room updated at check-in points; report any deviation immediately.
5. At an unlawful roadblock or illegal levy, execute SOP 11 — do not pay, do not confront.
6. On arrival, account for all vehicles, personnel and cargo; check in with the Op-Room and debrief.

RECORDS TO COMPLETE

Journey Management Plan • Pre-movement brief record • Patrol/Escort Record

Escalate	Ambush, hostile roadblock, serious accident or missing vehicle — voice report to Op-Room immediately and follow SOP 11 / SOP 18.
-----------------	--

SOP 10 Overdue Vehicle or Vessel Procedure

Purpose	Trigger a prompt, structured response when a movement fails to report, to protect personnel who may be in difficulty.
When it applies	Immediately a scheduled check-in is missed.
Carried out by	Operations Officer, PSD Manager.
Policy ref.	Policy §16.2, §17, §18.

PROCEDURE

1. Confirm the check-in is genuinely overdue (correct time, correct call sign); attempt contact by all available means.
2. Attempt contact via the crew's mobile, alternate radio, and any accompanying/nearby callsigns; check tracking.
3. If contact is not restored within the standing grace period, declare the movement overdue and inform the PSD Manager.
4. Establish last known position, planned route and ETA; task the nearest response capability to investigate the route.
5. Escalate per the incident matrix; consider public-security liaison; log every action and time.
6. Stand down only when the movement is confirmed safe and accounted for.

RECORDS TO COMPLETE

Op-Room log (timed action log) • Incident Report if activated

Escalate	No contact after grace period — treat as a serious incident; notify PSD Manager and General Manager and consider public-security support.
-----------------	---

SOP 11 Actions-On: Unlawful Roadblock or Illegal Levy

Purpose	Preserve life and de-escalate at an unlawful roadblock or demand for illegal payment.
When it applies	On encountering an unlawful roadblock, barrier or levy demand.
Carried out by	Convoy Commander / crew, Op-Room.
Policy ref.	Policy §16.4.

PROCEDURE

1. Do not pay and do not confront; keep calm and non-provocative.
2. Stop at a safe distance short of the block; do not drive into a crowd or barrier.
3. Report immediately to the Op-Room: location, numbers, demeanour, weapons seen, options.
4. Maintain communication and await instruction; keep engines running and an escape route open where safe.
5. Prioritise de-escalation and withdrawal over the schedule; if a safe route back exists and no one is detained, withdraw and report.
6. Comply with lawful directions of public security; record everything for the Incident Report.

RECORDS TO COMPLETE

Incident Report • Op-Room timed log

Escalate	Weapons displayed, detention of Company personnel, or threat to life — declare a serious/critical incident; Op-Room to alert PSD Manager, General Manager, Client and public security.
-----------------	--

D. Specialist Tasks

SOP 12 Close Protection Task

Purpose	Protect a designated principal through planning, low-profile posture and rehearsed drills.
When it applies	For every VIP/executive protection task.
Carried out by	CP operators; PSD Manager approves the plan.
Policy ref.	Policy §16.3.

PROCEDURE

1. Conduct advance reconnaissance of routes, venues and reception points; identify primary and alternate routes, safe havens and medical facilities.
2. Prepare a written protective plan and threat assessment for the task; obtain PSD Manager approval before execution.
3. Confirm medical-evacuation arrangements before any movement; coordinate with the Op-Room, public security and the Client's travel-management function.
4. Maintain a low-profile posture as default; ostentatious or intimidating protective display is prohibited.
5. Apply appropriate escort formation, embus/debus drills, defensive driving and anti-surveillance measures proportionate to the assessed threat.
6. Keep the Op-Room informed of movements; debrief and record on completion.

RECORDS TO COMPLETE

Protective plan and threat assessment • Journey Management Plan • Task debrief

SOP 13 Marine, River, Jetty and Aviation-Support Security

Purpose	Secure water and air interfaces safely and lawfully.
When it applies	During marine/river movements and at jetties, barge landings, helipads and airstrips.
Carried out by	Marine officers / sea marshals; aviation-support officers.
Policy ref.	Policy §16.5.

PROCEDURE

1. Enforce vessel-safety requirements: manifest control, life-jacket discipline, and daylight-movement rules unless otherwise authorised.
2. At jetties, barge landings and Uramu Marine Base, maintain access control, cargo screening and boarding control.
3. For helipad/airstrip tasks, maintain perimeter control, foreign-object-debris (FOD) discipline, crowd control during aircraft movement, passenger and baggage screening, and cordon integrity.
4. Coordinate every movement with the Op-Room; check in and out as for any journey.
5. Log manifests, screening and any incident.

RECORDS TO COMPLETE

Manifest / boarding log • Screening record • DOB / Incident Report

E. Use of Force, Detention and Weapons

SOP 14 Use of Force Decision and Response

Purpose	Ensure force is a genuine last resort, applied only when every mandatory test is met.
When it applies	Only where prevention, presence, communication, de-escalation and withdrawal have failed or are not possible.
Carried out by	Any PSD officer; Supervisor and Op-Room informed immediately.
Policy ref.	Policy §13, Annex A (RUF card).

PROCEDURE

1. Default to the primary tools first: observe, report, communicate, negotiate, de-escalate, and withdraw.
2. Before acting, apply ALL five tests — Lawful, Necessary, Reasonable, Proportionate, Accountable. If any one fails, do not use force.
3. Never use force as punishment, revenge, intimidation or to obtain information; never against a person who has stopped resisting, is restrained or in custody; never against children, the elderly, pregnant women or persons with evident disability except where strictly unavoidable to protect life; never to protect property alone.
4. If force is unavoidable, use only the minimum degree for the shortest time; stop the instant the threat stops.
5. Lethal force only where there is an imminent threat of death or serious bodily harm, no lesser means will suffice, and it is lawful; give a clear warning and time to comply if circumstances permit. Never fire warning shots, at/from a moving vehicle, or where the backdrop is unidentified.
6. Immediately render or summon first aid to anyone injured, whatever their conduct.
7. Report to the Op-Room at once and execute the post-incident procedure (SOP 16).
8. If in doubt — do not act. Withdraw, report, and ask.

RECORDS TO COMPLETE

Use of Force Report • Incident Report • Daily Occurrence Book

Escalate	Any use of force is reportable to the General Manager within 24 hours and to the Client per contract; a weapon discharge or fatality is an immediate life-threatening-emergency notification (SOP 18).
-----------------	--

SOP 15 Detention and Handover to Police

Purpose	Handle any detention lawfully, humanely and briefly, pending police handover.
When it applies	Where a citizen's-power detention is lawful and necessary.
Carried out by	Detaining officer plus a second officer as witness.
Policy ref.	Policy §13.5.

PROCEDURE

1. Understand that PSD officers hold no special powers of arrest beyond those of any citizen under PNG law — act only within that limit.
2. Record the detention from the first moment: time, location, grounds, treatment, any injuries observed, and handover details.
3. Treat the person humanely; keep them in view of a second officer at all times.
4. Do not permit search of the detainee by a person of the opposite sex.
5. Report the detention to the Op-Room immediately.
6. Hand the person to the Royal PNG Constabulary at the earliest opportunity; record the handover (officer, time, station).

RECORDS TO COMPLETE

Detention record (in DOB/Incident Report) • Handover record

Escalate	Detainee injured, alleges mistreatment, or handover is delayed — notify the PSD Manager and ensure medical care and welfare.
-----------------	--

SOP 16 Post-Use-of-Force and Post-Incident Actions

Purpose	Preserve accountability, evidence, welfare and lawfulness after any use of force or serious incident.
When it applies	Immediately after any use of force or serious incident.
Carried out by	Involved officers, Supervisor, PSD Manager.
Policy ref.	Policy §13.6, §19.

PROCEDURE

1. Render or summon medical assistance without delay to any injured person, irrespective of conduct.
2. Report to the Op-Room immediately by the fastest means.
3. Preserve the scene, secure evidence, and identify and record witnesses.
4. Submit a written statement/Use-of-Force Report before going off duty — factual, contemporaneous, distinguishing seen, heard and inferred; make no admission of liability and apportion no blame.
5. Involved personnel are withdrawn from operational duty pending review (a precaution, not a finding of fault) and offered welfare and psychological support.
6. PSD Manager appoints an independent investigator for serious incidents; actions tracked to closure.

RECORDS TO COMPLETE

Use of Force Report • Incident Report • Witness records • Investigation file

Escalate	Allegation of human-rights abuse, sexual exploitation/abuse, corruption or unlawful force — record and escalate to the General Manager and report to the Client under the Voluntary Principles. Any person may report a criminal matter directly to the RPNGC.
-----------------	--

SOP 17 Armed Tasking — Armoury Issue and Return (Conditional)

Purpose	Where armed tasking is separately authorised, control firearms and ammunition with full accountability.
When it applies	Only when armed tasking is assessed, approved in writing by the General Manager, licensed under PNG law, and accepted by Client/Operator. Default posture is unarmed.
Carried out by	Nominated Armourer; individually licensed, certified, currently assessed officers only.
Policy ref.	Policy §14.

PROCEDURE

1. Confirm written authority for the specific task and period, and that the officer is individually licensed, certified and current; if not, do not issue.
2. Confirm the officer is not impaired — alcohol or any judgement-impairing substance absolutely prohibits issue or handling.
3. Issue from the approved armoury; record in the Armoury Register: weapon serial number, ammunition count, time, purpose, and signatures of both issuing and receiving persons.
4. Handle per standing safety rules at all times — muzzle discipline, trigger discipline, condition of readiness, and clearing at designated unloading points.
5. Default course of action for an armed threat remains to request public-security support; the RUF (SOP 14) governs any use.
6. On return, clear the weapon at the unloading point, reconcile ammunition, and record the return with both signatures; conduct the shift-change stock check.

RECORDS TO COMPLETE

Armoury Register • Stock-check / reconciliation record

Escalate	Negligent discharge, loss of weapon/ammunition, unauthorised carriage or any misuse — immediate suspension, formal investigation, RPNGC notification where required; report to PSD Manager and General Manager at once.
-----------------	---

F. Incidents, Emergencies and Security Levels

SOP 18 Incident Reporting and Escalation

Purpose	Ensure every incident is reported truthfully, promptly and to the correct level.
When it applies	For every incident, hazard, near miss and intelligence indicator.
Carried out by	All personnel; Op-Room routes escalation.
Policy ref.	Policy §18, §19.

PROCEDURE

1. Report every incident — concealment, delay, falsification or alteration of a report is serious misconduct.
2. Make an immediate voice report to the Op-Room, then submit the written Incident Report before going off duty.
3. Keep reports factual, contemporaneous and objective; separate what was seen, heard, and assumed; do not speculate on cause, apportion blame or admit liability.
4. Apply the notification matrix below for timing and who to notify.
5. Ensure serious incidents are logged for independent investigation (SOP 16); retain records for the required period.

RECORDS TO COMPLETE

Incident Report • Use of Force Report (if applicable) • DOB • SITREP

NOTIFICATION MATRIX

Category	Notify	Timeframe
Life-threatening emergency, use of force, weapon discharge, fatality	Op-Room, PSD Manager, General Manager, Client	Immediately by voice; written within 4 hours
Serious — assault, armed intrusion, major theft, detention, roadblock	Op-Room, PSD Manager	Immediately; written within 12 hours
Significant — trespass, minor theft, vehicle accident, protest	Op-Room, Site Supervisor	Within 1 hour; written within 24 hours
Observation, hazard, near miss, intelligence indicator	Op-Room	Same shift; recorded in DOB

SOP 19 Emergency Response

Purpose	Deliver a coordinated PSD response to emergencies in support of the Client's emergency organisation.
When it applies	On any medical, fire, security, evacuation or natural-hazard emergency.
Carried out by	All personnel per the site emergency-response plan.
Policy ref.	Policy §16.6.

PROCEDURE

1. Raise the alarm and report to the Op-Room immediately; state nature, location and casualties.
2. Act per the site emergency-response plan for the specific emergency — medical, fire, security incident, civil disturbance, armed intrusion, evacuation, earthquake, flood, landslide or severe weather.
3. Direct persons to the correct muster points and evacuation routes; establish the casualty-collection point where relevant.
4. Conduct headcount and account for all persons; report the result to the Op-Room / Incident Management Team.
5. Support — do not replace — the Client's emergency-response organisation; perform the roles defined in the site plan.
6. On stand-down, debrief, record, and track corrective actions to closure. Drills are run at least six-monthly and recorded.

RECORDS TO COMPLETE

Incident Report • Muster/headcount record • Drill record and debrief

Escalate	Any life-threatening emergency — immediate voice notification to Op-Room, PSD Manager, General Manager and Client; written report within 4 hours (SOP 18).
-----------------	--

SOP 20 Security-Level Change Actions

Purpose	Translate a change in security level into an immediate, consistent change in posture, movement and manning.
When it applies	Whenever the Company (aligned with Client/Operator) changes the security level.
Carried out by	PSD Manager sets the level; Op-Room promulgates; all posts act.
Policy ref.	Policy §8.2.

PROCEDURE

1. GREEN (Normal): routine operations, standard manning, normal movement and routine patrolling.

2. **YELLOW (Elevated):** heightened vigilance, increased patrols, movement subject to Op-Room clearance, enhanced access screening.
3. **ORANGE (High):** suspend non-essential movement — convoy movement only; reinforce posts; hold a standby response team; apply the curfew of Company personnel.
4. **RED (Critical):** adopt lockdown or evacuation posture; movement prohibited except emergency; activate the Incident Management Team; engage Client and public-security liaison.
5. Op-Room confirms every post has received and acknowledged the level change; posts adjust and confirm compliance.

RECORDS TO COMPLETE

Op-Room level-change log • Post acknowledgements

Annex A — Rules for the Use of Force (Pocket Card)

This card is issued to and carried by every PSD officer on duty.

#	Rule
1	Your first duty is to prevent harm. Observe, report, communicate, de-escalate and withdraw.
2	You are unarmed unless specifically authorised in writing for the task.
3	Force is the last resort. Before you act, ask: is it lawful, necessary, reasonable, proportionate, and can I account for it?
4	Use only the minimum force needed, for the shortest time needed. Stop as soon as the threat stops.
5	Never use force as punishment, revenge or to obtain information.
6	Never use force to protect property alone.
7	Lethal force only where there is an imminent threat to life and no other option exists.
8	Give a clear warning if the situation allows.
9	Treat every person humanely — including a person who has attacked you.
10	Provide or summon first aid immediately for anyone injured.
11	Report at once. Write it down before you go off duty. Tell the truth.
12	If in doubt — do not act. Withdraw, report, and ask.

Annex B — Records Referenced by These SOPs

Record	Maintained by	Frequency	Retention
Daily Occurrence Book (DOB)	Post / Team Leader	Continuous	7 years
Incident Report	Officer involved / Supervisor	Per incident	7 years
Use of Force Report	Officer involved	Per event	7 years
Shift Handover Record	Shift Commander	Per shift	3 years
Patrol Record	Patrol commander	Per patrol	3 years
Visitor and Pass Register	Gatehouse	Continuous	3 years
Vehicle Logbook and Pre-Use Check	Driver	Per movement	3 years
Journey Management Plan	Op-Room	Per movement	3 years
Armoury Register (where armed)	Armourer	Per issue / shift	7 years
Equipment Issue Register	Store / Supervisor	Per issue	3 years
SITREP and Daily Security Report	Op-Room	Daily	3 years

Annex C — SOP Acknowledgement

I acknowledge that I have received, read, or had explained to me in a language I understand, the PSD Field Standard Operating Procedures (SCSH-SEC-PSD-002) and understand my duty to follow them and to record my work truthfully.
